EDUCATION

Ph.D., Economics

Expected 2027

University of Alabama

Dissertation: Nonparametric and Semiparametric Correlated Random Effects Models

Dissertation Committee: Daniel J. Henderson(Chair), Soroush Ghazi, Robert Hammond,
Alexandra Soberón, Emmanuel Tysawo

M.A., Economics

2022

Accelerated Master's Program

University of Alabama

B.S., Economics

2022

Summa cum laude

University of Alabama

RESEARCH

Job Market Paper

- “Semiparametric Panel Data Models with Interactive Fixed Effects”

Methods for estimation and inference in semiparametric panel data models with both correlated random effects and interactive fixed effects are developed, combining a Mundlak-style projection for the time-invariant heterogeneity with a local-linear filter for the time-varying component. Augmenting the partially linear regression with cross-sectional averages yields a Robinson-style estimator that requires no iteration, principal components, or knowledge of the number of factors. Asymptotic properties are established under joint large- N , large- T asymptotics and illustrated with an application to innovation activity.

Publications

- “Contests with Ambiguous Prizes” with Deck, C., Hathaway, A., Melkonyan, T., & Redinger, S. *Journal of Risk and Uncertainty*, (2026).
- “Nonparametric Correlated Random-Effects Models” with Henderson, D.J. & Soberón, A. *Advanced Studies in Theoretical and Applied Econometrics*, Baltagi, B.H., & Mátyás, L. (eds), vol. 57, 289–307, (2025).

CONFERENCE PRESENTATIONS

Computational and Financial Econometrics, Berlin, Germany, 2026

Southern Economic Association, Houston, Texas, 2026

Midwest Econometrics Group, Cincinnati, Ohio, 2026

International Association for Applied Econometrics, Carcavelos, Portugal, 2026

European Workshop on Efficiency and Productivity Analysis, Munich, Germany, 2026

Conference of Southern Graduate Schools, Three Minute Thesis Competition, Baton Rouge, Louisiana, 2026

TEACHING EXPERIENCE

Instructor of Record (with Student Evaluations)	2024 – Present
· Econometrics (4.93/5.00)	Fall 2025
· Principles of Microeconomics (5.00/5.00)	Fall 2024
· Principles of Microeconomics (4.79/5.00)	Summer 2024
Graduate Teaching Assistant	2022 – Present
· Ph.D. Econometrics, M.A. Econometrics, M.A. Microeconomic Theory	
· Intermediate Microeconomics, Honors Microeconomics, Principles of Macroeconomics	
Guest Lecturer	2022 – Present
· M.A. Econometrics, M.A. Microeconomic Theory	
· Econometrics, Honors Microeconomics, Principles of Macroeconomics, Principles of Microeconomics	

RESEARCH EXPERIENCE

Faculty Research Scholar	2022 – 2023
<i>University of Alabama</i>	
· Developed and implemented data analysis methodologies for Google advertisement marketing cost data, enhancing understanding of marketing effectiveness through both aggregate and segmented approaches.	
· Contributed to the creation of machine learning algorithms using high-frequency, GPS-enabled imaging to identify urban blight.	
Research Assistant	2018 – 2022
<i>Owen Vocational Rehabilitation Services</i>	
· Conducted comprehensive healthcare cost analysis to forecast lifetime care expenses for individuals with catastrophic injuries involved in litigation, developing skills in damage calculations.	
· Collaborated in preparing expert witness testimony, gaining insight into effective communication of complex medical and economic concepts for legal proceedings.	
Research Assistant	2020
<i>University of St Andrews</i>	
· Collaborated on developing agent-based models to analyze economic policy coordination, examining the effects of fiscal, monetary, macro-prudential, and trade policies on global economic outcomes.	
· Conducted comprehensive literature review on policy cooperation, comparing traditional game-theoretic approaches with agent-based modeling to identify potential improvements in understanding complex economic interactions.	

AWARDS

Graduate Council Fellow in the Graduate School of the University of Alabama	2022 - Present
Outstanding Teaching by a Doctoral Student, Culverhouse College of Business	2026
University of Alabama Three Minute Thesis (3MT) Competition, First Place	2025
Harold Elder Teaching Award, Best Economics Graduate Student	2025
Departmental Summer Research Grant	2025, 2026
President of Economics, Finance, & Legal Studies Doctoral Students Organization	2024 - Present
The Department Chair's Award	2022
Helms' Scholar Award	2022
Murray Havens Economics Award	2022
