EDUCATION

Updated: September 10, 2026

Ph.D., Economics

Expected 2027

University of Alabama

Dissertation: Nonparametric and Semiparametric Correlated Random Effects Models

Dissertation Committee: Daniel J. Henderson (Chair), Soroush Ghazi, Robert Hammond,
Alexandra Soberón, Emmanuel Tysawo

M.A., Economics

2022

Accelerated Master's Program

University of Alabama

B.S., Economics

2022

Summa cum laude

University of Alabama

RESEARCH

Job Market Paper

- “Semiparametric Panel Data Models with Interactive Fixed Effects”

Methods for estimation and inference in semiparametric panel data models with both correlated random effects and interactive fixed effects are developed, combining a Mundlak-style projection for the time-invariant heterogeneity with a local-linear filter for the time-varying component. Augmenting the partially linear regression with cross-sectional averages yields a Robinson-style estimator that requires no iteration, principal components, or knowledge of the number of factors. Asymptotic properties are established under joint large- N , large- T asymptotics and illustrated with an application to innovation activity.

Areas of Research

- Primary: Panel data, nonparametric and semiparametric methods
- Secondary: Innovation, R&D and firm productivity

Publications

- “Contests with Ambiguous Prizes” with Deck, C., Hathaway, A., Melkonyan, T., & Redinger, S. *Journal of Risk and Uncertainty*, (2026).
- “Nonparametric Correlated Random-Effects Models” with Henderson, D.J. & Soberón, A. *Advanced Studies in Theoretical and Applied Econometrics*, Baltagi, B.H., & Mátyás, L. (eds), vol. 57, 289–307, (2025).
- “Evaluation of Reasonableness of Fees for Life Care Plan Services in Vaccine Act Cases” with Owen, T.R. *Journal of Life Care Planning*, 17(4), 31–37, (2019).

Under Revision

- “Nonlinear Panel Data Models with Robust Correlated Random Effects” with Henderson, D.J. & Kourtellos, A. *Economics Letters*.

CONFERENCE PRESENTATIONS & INVITED SEMINARS

Computational and Financial Econometrics, Berlin, Germany, 2026

Southern Economic Association, Houston, Texas, 2026

Midwest Econometrics Group, Cincinnati, Ohio, 2026

University of Cantabria, Santander, Spain, 2026

International Association for Applied Econometrics, Carçavelos, Portugal, 2026

European Workshop on Efficiency and Productivity Analysis, Munich, Germany, 2026

Conference of Southern Graduate Schools, Three Minute Thesis Competition, Baton Rouge, Louisiana, 2026

TEACHING EXPERIENCE

Instructor of Record (with Student Evaluations) 2024 – Present

- Econometrics (4.93/5.00) Fall 2025
- Principles of Microeconomics (5.00/5.00) Fall 2024
- Principles of Microeconomics (4.79/5.00) Summer 2024

Graduate Teaching Assistant 2022 – Present

- Ph.D. Econometrics, M.A. Econometrics, M.A. Microeconomic Theory
- Intermediate Microeconomics, Honors Microeconomics, Principles of Macroeconomics

Guest Lecturer 2022 – Present

- M.A. Econometrics, M.A. Microeconomic Theory
- Econometrics, Honors Microeconomics, Principles of Macroeconomics, Principles of Microeconomics

RESEARCH EXPERIENCE

Research Team Member 2026 – Present

University of Cantabria

- Research project “Risk Analysis: Specification, Estimation and Testing,” Spanish Ministry for Science and Innovation Grant (PID2024-156871NB-I00), 2025 – 2029.

Faculty Research Scholar 2022 – 2023

University of Alabama

- Analyzed Google advertising cost data at aggregate and segmented levels, and helped build machine learning algorithms using high-frequency, GPS-enabled imaging to identify urban blight.

Research Assistant 2018 – 2022

Owen Vocational Rehabilitation Services

- Forecast lifetime healthcare costs for individuals with catastrophic injuries in litigation and assisted in preparing expert witness testimony on damage calculations.

Research Assistant 2020

University of St Andrews

- Developed agent-based models of fiscal, monetary, macro-prudential, and trade policy coordination.

AWARDS

Graduate Council Fellow in the Graduate School of the University of Alabama 2022 - Present

Outstanding Teaching by a Doctoral Student, Culverhouse College of Business 2026

University of Alabama Three Minute Thesis (3MT) Competition, First Place 2025

Harold Elder Teaching Award, Best Economics Graduate Student 2025

Departmental Summer Research Grant 2025, 2026

President of Economics, Finance, & Legal Studies Doctoral Students Organization 2024 - Present

The Department Chair's Award 2022

Helms' Scholar Award	2022
Murray Havens Economics Award	2022
